

## Sarah's Spanish School

**Sarah's Spanish**  
School

### Materials and how to get them

Starting March 1<sup>st</sup>, 2019, we will allow our teachers the facilidad of being in control of their own materials and getting paid for it! You will no longer have to wait on materials, request more of anything, or worry about not having something!

You will be paid *\$20 extra per class you teach per quarter* for these materials. This price is more than enough for the cost of the materials and time – it is WAY extra if you can print out the paper yourself at home. Consider this a bonus! This \$ will be on your last paycheck of the session and is not negotiable.

We hope this will help us all to alleviate some of the back-and-forth with materials and make it easier for you to have what you need so the students have what they need. We want to do what we can for you to ensure your experience teaching with us goes as smoothly as it can!

Thank you so much for your help with this! If you have any questions, please email Sarah.

Sincerely,

Sarah and the Sarah's Spanish School team

### **How to print worksheets, certificates, and other if you do not have a printer:**

There are many places that will print for you for a very small fee (your local library, Kinkos, Office Depot, a friend...) but what Sarah has always used is the UPS store. Here is how to order prints from the UPS store:

1. Google UPS store
2. Find the UPS store closest to you
3. Go to the website
4. Click on top right "start print order" or "copies and quick prints"
5. Follow the steps to upload the documents/worksheets. This can be done one at a time or all together. Be sure you pick the right paper and quantity you need. If you need help with this, you can call the UPS store or just do 1 at a time (that's how Sarah does it)
6. Pay at check out
7. Pick up from store

OR you can call them, and they will help you in another way
